Help R-Ladies Become a Charity

January 2018

R-Ladies is a world-wide organisation whose mission is to promote gender diversity in the R community. In summer 2016 there was only a handful of groups but plenty of ideas and enthusiasm. The very first goal of the R-Ladies organisation was to actively encourage the creation of further chapters around the world. We have since grown to over 63 chapters with almost 13000 R-Ladies world-wide. With this expansion, our highest priority now is to be able to continue to provide global infrastructure and financial support for our chapters.

Our **goal for 2018** is to become a **charitable organisation** so we can help our chapters carry on their excellent work. **For this we need your help!**
